## Two New Buildings on Beacon Ave.

**J. B. and B. J. Readings, of Bazan Bay Road, Are Constructing New, Up-to-date Automobile Service Station Corner of Fifth St.**

In about two weeks' time Sidney will witness the opening for business of a new garage at the northwest corner of Beacon Ave. and Fifth St. Messrs. J. B. and B. J. Readings, father and son, respectively, are having constructed a frame building, 40 feet by 60 feet, with cement floor and foundation. Mr. Dutton is the contractor and a force of ten men are rushing construction. The building is being laid out in a systematic method with due regard for the installation of the most up-to-date garage equipment as well as a large showroom for cars and accessories. The new equipment will include, among other essentials, the latest in wrecking cars.

The new firm will be known as Readings & Son Service Station. Agencies for Chevrolet cars, Associated Gas, and King Radios have been secured. The Associated Gas filling pump will be installed immediately in front of the building but sufficiently off the street to avoid interference with traffic. The new firm has also acquired the adjoining lot to the west of their new building for future expansion.

## 'ENOCH ARDEN' TO BE GIVEN IN SIDNEY

A fine recital is to be given in the Auditorium on Tuesday, Nov. 1st, under the auspices of the Ladies' Aid of the local United Church.

The local artist is the Rev. R. W. Lee of Victoria, an artist of great ability and merit, possessing remarkable powers of interpretation and declamation in whatever theme he adopts. His theme for this recital will be the well-known work "Enoch Arden" and the audience will have a rare treat in store as the artist portrays this character and interprets the work with its vast range of human emotions.

The Rev. Mr. Lee will be assisted in the recital by Mrs. Watt of Victoria, vocalist, who took the gold medals at the recent musical festivals in Victoria and Vancouver against much competition. Those who have heard this vocalist speak very highly of the quality of her renderings and she draws admiring crowds at every public appearance. Mrs. Watt will render numerous items during the evening's recital.

The two artists form a splendid combination of the eloquency and vocal arts and at recent appearances in Victoria attracted large audiences and sent them away loud in the praise of their joint recital.

The Ladies' Aid are fortunate in securing this talent and the public of the district in having such a program brought to their door at only half the prices charged in Victoria.

## "Trafalgar Concert" at North Saanich Was Very Much Enjoyed

The North Saanich Social Club celebrated Trafalgar Night with a most enjoyable and successful Naval concert and dance. There were about 100 present to enjoy the concert program, which opened with the singing of "Rule Britannia" behind the closed curtains, followed by a short speech by Major Layard, president of the Deep Cove branch of the Navy League. The curtains were then opened to show the good ship "Victory" in all her glory. The band was working at 7 bells found never a man awake, so he promptly roused them all with his call "Heave out!" The sailors came on deck and stowed their hammocks and at 8 bells the ensign was raised to "God Save the King." The order "Physical Drill" came next and the men drilled or otherwise while singing "All the nice girls love a sailor" after which "Clean Ship" was the next order. The decks were washed while the sailors sang "Hearts of Oak," then out comes "Mr. Mulligan," the cook, who invited the men to "Gather round my little (Continued on Page Four)

## I.O.D.E. CARD PARTY

A very successful bridge and 500 party was held in Matthews' Hall on Thursday evening under the auspices of the Allies' Chapter, I.O.D.E. A large number of members and friends were present, who spent a most enjoyable evening at cards, which were played at 13 tables. After 20 hands were played the first prizes were presented to Mrs. Herchner and Mr. Salmon, and the second prizes to Mrs. Pownall and Mr. Warrender; while first prizes for 500 went to Mrs. Philp and Father Scheelan, and second prizes to Mrs. Deacon, who won the cut from Mrs. Clarke and Miss Matthews, and to Mr. W. Watson.

At the conclusion of the game, the guests repaired to the dining-room, where a buffet luncheon was served, the table being prettily decorated with autumn flowers and greenery. The proceeds of the evening are being devoted to the I.O.D.E. war memorial, which provides bursaries in the universities to the sons and daughters of soldiers who gave their lives during the Great War.

## First Cove Dance

By Review Representative

DEEP COVE, Oct. 27.—The Deep Cove Social Club was the scene of a very enjoyable dance on Friday evening when over 75 guests assembled at the opening of the club's winter activities.

The hall had been prettily decorated with autumn foliage for the occasion. Schofield's three-piece orchestra, which has proved so popular among the younger set during the past season, was again in evidence with an entirely new and up-to-the-minute dance program which won the instant appreciation of the dancers. The caller for encore after encore. Mrs. Horth and Miss E. Stacey.

Mrs. Alan Calvert had charge of the dainty refreshments, which were served in the dining-room, the tables being prettily centred with bouquets of autumn flowers.

The dance was a most enjoyable and successful affair and the dance committee are being congratulated on the efficiency in which everything was carried out.

The club intend to hold another of these dances on the third Friday of November, the 18th.

## GOLDEN JUBILEE PLANS DISCUSSED

By Review Representative

SAANICHTON, Oct. 27.—At a well attended meeting of the directors of the North and South Saanich Agricultural Society held in the Agricultural Hall on Monday evening last with the president, H. E. Tanner, in the chair, plans and ways and means were considered to take care of the increasing accommodation required by the Annual Fall Fair. It was agreed that special efforts should be made to carry out the necessary improvements for the coming year — the society "Golden Jubilee."

The secretary, Mr. Colin Chisholm, in an interim report showed that the fair just held had been highly successful in every way, greater interest being shown in all departments, also the gate receipts for Visitors' Day had passed the \$400.00 mark for the first time. The present meeting had been called to discuss and make suitable recommendations to the incoming directors while the memory and requirements of the Fall Fair were fresh in everyone's mind.

Recommendations were made that, if carried out, should keep the Saanich Fall Fair in the lead of all similar fairs held in the province.

It was decided to leave the date of the annual meeting in November at the call of the secretary.

A big attendance of members is looked for at the annual meeting when a new board of directors will be elected and plans put forward that will ensure 1928 Fall Fair being worthy of the Golden Jubilee of the oldest agricultural society in the province of British Columbia.

## BEACON AVENUE, SIDNEY, COMING INTO A BUILDING BOOM IT SEEMS

BEACON AVENUE has taken on the appearance of a building boom during the past few weeks. The Flying Line Stage started operations with a large garage on the north side of Beacon Avenue between Fourth and Fifth Streets, for the storing of their buses over night. Now there are two more buildings under construction: A. W. Hollands' new meat market and Readings & Son Service Station. The meat market is located on the south side of Beacon Avenue, west of the Imperial Gas and Oil Station, between Second and Third Streets, while the new service station is situated at the northwest corner of Beacon Avenue and Fifth Street.

## NORTH SAANICH IDEAL SITE FOR MOVIE CITY

**James J. Wright, San Francisco, Looking for 500 or 600 Acres of Suitable Land for Movie Centre — A \$10,000,000 Project.**

"Cinema City, a fully equipped motion picture colony in its every phase and angle, with modern sets, spacious outdoor grounds, latest equipment, ablest directors, world famous stars, scenarists, technical staff, etc., may be built in the vicinity of Victoria," says the Sunday Colonist.

"The logical place to establish the motion picture industry is at the closest point within the British Empire to the present capital of the industry, Hollywood, providing, of course, that scenery, natural resources, climatic conditions and shipping facilities are favorable, and there is no other place that offers the ideal advantages of Vancouver Island for this purpose."

"Such is the opinion of Mr. James J. Wright, of San Francisco, California, born at Pembroke, Renfrew County, Ontario, who has arrived in Victoria in connection with plans for the creation and development of Cinema City. With him is associated Major Bruce Carter, a retired American army officer, of the Presidio, San Francisco.

**SEEKS SUITABLE LAND**

"Mr. Wright, who has resided in California for 12 years, is well acquainted with the film industry, desires to obtain a selling contract on some 500 or 600 acres of land in the vicinity of Victoria, and on it would build Cinema City. Fifty acres would be utilized for the building of the studio, sets, etc., and the balance would be available for the residential district that inevitably follows the motion picture industry."

"The property would be divided into lots and sold to purchasers in California. Of the money raised in this manner, \$200,000 would be spent in building the studio, the first instalment. This would mean that the money from the United States would be put in operation and producing before any shares are offered the Canadian public."

"The producing company would be known as the Canadian National Pictures, Limited, and incorporated at \$10,000,000, of which \$4,000,000 and \$5,000,000 of seven percent preferred stock would be sold in Canada."

**MORAL SUPPORT DESIRED**

"Mr. Wright does not enlist the assistance of the city in any way whatsoever in the financing of this project, but does wish to receive the moral support and co-operation of the city and its citizens in launching his enterprise."

"Believing that the foundation of the company should be built first, and the company built on top of the foundation, Mr. Wright states that the foundation would consist of the land on which to build the studios, fully equipped for production, the company's Dominion charter, and a managing director for the company; all of these things to be turned over to the company as soon as it is incorporated."

"Mr. Wright's proposal has received the enthusiastic approval of one of the best-known figures in the motion picture world, who has produced a number of the biggest hits ever made. He has been engaged in the motion picture history since it was started 20 years ago, and he will become director-general of the company, having complete supervision of the production, marketing, etc., of the film made in Cinema City."

## CONSERVATISM IN PROJECT

"Conservatism, which has been the watchword and the rule in British affairs," declared Mr. Wright, "will be the rule in Cinema City. There will be no offering of stock in the company until the studios are constructed and under production."

"Mr. Wright has made an extensive study of the motion picture situation as it affects the British Empire as the result of the Cinematograph Bill. This Bill provides for a showing of a minimum of 7½ percent British-made films throughout the British Empire with its 450,000,000 people, a field four times as great as the United States. This quota is to be increased yearly until it reaches 25 percent, during which time it is planned to build the industry to supply the increasing quota. The British Empire has in this way decided to give to the world films of the best kind and calibre, made under the British flag."

## PEOPLE FOLLOW INDUSTRY

"Speaking of the effect of the motion picture industry on a country, Mr. Wright said that 3,500,000 people were brought into Southern California in six years by the films. There was \$1,500,000,000 invested in the film industry in Hollywood. The production in 1926 was \$200,000,000, and in 1925, \$165,000,000. The average family income per year in Hollywood today was \$4,467."

"Mr. Wright's father, Mr. Tom Wright, fought under Colonel Steele in the Northwest Rebellion of 1885, during which period he himself graduated from St. Alban's Cathedral School at Toronto. His grandfather was sheriff of Renfrew County, Ontario."

"There is ample room in North Saanich for Cinema City and the Review is of the opinion that this is an opportune time for some of the prominent holders of land in this district to get together and induce this great industry to locate here. The climatic conditions are almost perfect, the surrounding scenery is so greatly varied and magnificent that globe trotters declare it unsurpassed, the roads are paved, there is light water and power, deep sea frontage — in fact every convenience awaits. Is it not time to look alive and advise promoters of such projects of our natural advantages?"

Learn to laugh.

This is a laugh-age and everything from books to motion pictures is combining to make people forget their worries and give them a happier outlook on life. "Poker Faces," the feature at the Auditorium Theatre, Sidney, tonight and Friday night, is well calculated to do more than its share toward this end. Laura La Plante and Edward Everett Horton have combined under the direction of Harry Pollard to give what is predicted to be one of the greatest comedy hits of the season.

H. C. Nitwer, Ring Lardner, George Ade and Stephen Leacock are tapping humor into their typewriters, song writers are exhorting the public to smile, and the great screen comedians and their directors are making (Continued on Page Four)

## CATHOLIC CARD PARTY BIG AFFAIR

The annual card social of the Altar Society of the St. Elizabeth Catholic Church was held in Berquist Hall on Tuesday evening of this week, and from the enthusiasm displayed the event was without doubt the most popular card social of the season, the hall being packed to capacity, there being about 50 tables in play. Military 500 was played for 20 hands and the prizes were awarded as follows: first, Mr. and Mrs. Kusinger and Mr. and Mrs. Monaghan; second, Messrs. Geo. Hill, Sam Larden, H. Thomey and T. Frank; third, the Messrs. Iris Hearn, A. Gish and Messrs. E. B. Kirkness and D. Brailwalte.

After the cards a delightful refreshment supper was served in the dining-room by Ladies of the Altar Society, the tables being very effectively centred with bouquets of gladioli, chrysanthemums and maple leaves, the gladioli being supplied by Mr. McTavish of Saanichton, and the chrysanthemums by Miss Toomer.

Excitement was keen at the roulette wheel where many articles of a very useful and also appetizing nature were given away, such as kitchen utensils, chocolates, pantry supplies, etc., etc., and almost everyone was seen carrying something away with them.

A few hours of dancing was indulged in after the tables were cleared away, the music being supplied by Miss Florence Humbley and Mr. Bosher.

Besides the prizes for cards special prizes were awarded to Loreen Creamer, Mrs. Hill, Miss Lorenzen, Fred Bowcott, A. Harvey, A. McDonald, L. J. Horth, Mr. Hume, Mrs. Brown, Mrs. Deibel, Mrs. Bantley, Miss Toomer and Mr. Meara.

Mrs. Butler won the three-piece embroidered set; cushion, centre-piece and runner.

Miss K. Drennan, Keating, won the dressed doll.

Mr. C. Goffelin, Hagan, won the sweater.

On the South side of Beacon Ave., to the west of the Imperial Gas and Oil Station is rising a series of new buildings for Mr. A. W. Hollands' new meat market. The main building is 20 feet by 40 feet, while a large workshop with cement floor, garage and storerooms are adjoining the rear. Cement foundations have been prepared for all buildings. Mr. Thornley is the contractor. In the main building a new refrigerator is being built especially for the Electric Frididaire System. Great care is being exercised to ensure spotlessly clean and sanitary premises. The office is being laid out in a convenient manner for the benefit of customers.

Mr. Jackson died almost instantly following an accident at the Scottish-Palmer Lumber Company's camp at Sahlum, near Duncan, on Friday, where he has been employed for the past couple of years, after being struck by a sapling in the back of the head. An inquest was held at the Brockway Undertaking Parlors on Saturday and accidental death was the verdict of the jury. The coroner, Dr. Swann, conducted the inquiry. Witnesses examined were W. M. Hay, rigging slinger; John Kolosoff, hook tender, and Bryant Willingham, chokerman, who testified that the high lead line sidswiping caught a sapling which struck the deceased. Dr. Watson, who performed the post mortem, stated that the skull was cracked and death had been instantaneous. The jurymen were Messrs. Ed. Hayons, foreman, C. Caldwell, J. Reak, John McLean, F. W. Simons, J. K. McDonald.

Mr. Jackson was the eldest son of Mr. and Mrs. J. T. Jackson, Sidney, and lived here practically all his life prior to going to Duncan and was an employee of the Sidney Mills for a number of years. He was married only last spring to Miss Mary Hansen, daughter of Mr. and Mrs. J. E. Hansen of Duncan.

Sincere sympathy is extended to the bereaved family in their great loss.

### "MIRACLE" WHEAT AGAIN By L. H. NEWMAN

(Dominion Cerealist, Central Experimental Farm, Ottawa.)

There has appeared recently in a number of leading agricultural papers an article entitled "King Tut's Wheat Grown in the West." The article refers to certain results obtained by a Soldier Settler living near Edmonton, Alberta, and gives the impression that the wheat in question was discovered in 1922 in the tomb of King Tut-ankh-amen. As a matter of fact the records show that this wheat was known as far back at 1840 when one enterprising gentleman offered heads at \$5 each.

The above variety belongs to the Poulard subspecies of wheat, being somewhat intermediate between the common and durum wheats. It has numerous aliases, the most common of which are Egyptian, Eldorado, Many Headed, Miracle, Mummy, Seven Headed and Alaska. It has always been easy to interest people in this wheat owing to its branched head. If an unbranched head will yield so much surely a branched head will yield much more! While head for head this may be true, yet experiments have not shown that it holds good acre for acre. This wheat was probably introduced into North America from Europe or Egypt in Colonial days. It was received by the Philadelphia Society for Promoting Agriculture in 1807, since which time it has appeared periodically under one name or another.

In 1908 the United States Department of Agriculture began an extensive investigation of this wheat, which investigation continued for several years. In the meantime it has been tried by farmers all over the United States but it is not now grown anywhere as a commercial crop. The fact that it has never become established in spite of the remarkable advertising it has received is a good indication of its inferiority. Promoters, however, resurrect it periodically and, owing to its striking and unusual appearance, manage to sell it to the unsuspecting farmer at exorbitant prices.

The essential facts concerning Alaska wheat have been summed up very nicely in a bulletin published by the United States Department of Agriculture—Bulletin No. 357, 1916, P. 27—at the conclusion of extensive tests conducted at many points in the U.S., as follows:—

- (1) That it has been used in this country very often as a means of deceiving people and very seldom as a farm crop;
- (2) that it has failed to produce even fair yields when tried in many parts of the country, and has never been known to produce extraordinary yields;
- (3) that it is not a good milling wheat;
- (4) that the branched head is not a sign of superior yielding power.

Editor's Note:—This wheat comes to our attention every few years and unfortunately many unsuspecting farmers are gulled into buying it. The Review feels sure that its farmer readers will appreciate having this official statement on the matter.

## PENDER P.T.A. MET TUESDAY

By Review Representative

PENDER ISLAND, Oct. 27.—The Parent-Teacher Association met last Tuesday evening at the home of Mr. and Mrs. V. W. Menzies, the attendance being commendable under such awful weather conditions. The president, Mrs. W. B. Johnston, occupied the chair, the first hour being devoted to business, the second to the topic of the evening, and concluding with a social half-hour. Mrs. R. S. W. Corbett gave a very much appreciated talk on the "Cultivation of Truthfulness in Children," which was followed by a friendly discussion of individual problems along this line.

The association has started out on the beginning of this, its fifth, year with an encouraging number of members and good financial standing. A Halloween social for old and young is being planned for next Monday evening. The travelling school library which arrived at the beginning of the term is being much used and enjoyed by the pupils. A resolution was unanimously adopted favoring a "clean up" of certain features of the "Comic Sections" of the daily newspapers which are considered deleterious to the moral and educational well-being of children.

The meeting closed with the National Anthem and the serving of refreshments by the hostess. The next meeting will be held at the home of Mr. and Mrs. T. W. Fry, when a debate will be held, the topic being, "Resolved that corporal punishment is beneficial." Mr. R. S. W. Corbett will lead the negative, while J. S. Stiggins will handle the affirmative, each being ably supported.

Tom Jones has gone to heavenly heights;  
He tried to drive without his lights.  
Jack Hayes this busy life forsakes;  
He never would relapse his brakes.  
Here's all that's left of Amos Bossing.  
He tried to beat it to the crossing.  
No more from Brown are earthly smiles;  
He took the curve at forty miles.  
Ted Small has gone to his abode;  
He kept the middle of the road.  
Here lies our friend, poor Tony Dix;  
For booze and gasoline won't mix!  
Jim Henry's friends are all bereft;  
He made a short turn to the left.  
Ben Gray is free from earthly pains;  
A rainy day—he had no chains.  
Poor Bill's beneath the sod, alas!  
He speeded up and tried to pass.  
Now Tom has joined the heavenly band;  
He tried to drive it with one hand.

After one learns the art of gossip  
It isn't necessary to buy a car to run  
down the neighbors.

Bacon—I understand some of your  
hens have stopped laying.  
Egbert—You've got that right.  
Bacon—What's the matter?  
Egbert—Oh, they got mixed up  
with some passing automobiles.

The young man who made a long  
trip in a flivver to ask his girl to  
marry him was "well shaken."

One thing wrong here is pedes-  
trians are not made out of rubber.  
The automobile may be putting a  
few trains out of business—but not  
when they meet on a grade crossing.

Be careful when you cross the  
street. North Americans spend 16  
billions a year on autos.

A knock on the automobile is bet-  
ter than two in it.

We know a fella so dumb that he  
thinks an auto crank is a traffic cop.

I could not love thee, dear, so much  
If you owned but a Ford.  
But since you drive a Packard, sweet,  
The way I crave you—Lord!

"Ever get a knock in your automo-  
bile, Jim?"

"Often—when my wife rides in  
the back seat."

Any family can get together on the  
proposition that an automobile is a  
necessity.

Our nomination for the Hall of the  
Dumb is the guy who stopped for  
half an hour at the railroad crossing,  
waiting for the stop sign to change.

As a final courteous gesture, Henry  
might offer the new flivver at  
\$399.98.

Flapper (in car to traffic cop)—  
"Are my dimmers on?"  
Cop (blushing)—"Madam, I wasn't  
even looking."

Cutting the price of gasoline two  
cents a gallon probably attracts more  
attention than a two-cent drop in the  
price of a loaf of bread.

"One more filling station, gentle-  
men," announced the president of the  
Board of Trade enthusiastically, "and  
the town will be able to remove all  
the street lights on Beacon Avenue."

If you can't be the big steering  
wheel at least try and be a good cog.

**"MY AUTO 'TIS OF THEE"**

Here is a little operatta all our  
own, and dedicated to everyone who  
rides in or owns a Ford car.  
A short time ago a tourist on the  
East Saanich Road, near the Bazan  
Bay Cash Store, saw someone work-  
ing on a little Ford by the side of  
the road, and as he approached he  
heard him singing the following re-  
frain, to the tune of "God Save the  
King."  
If you want to get the real humor  
there is in this, sit down to your  
piano and play and sing it through.  
Here it is:

My auto 'tis of thee,  
Short cut to poverty—  
Of thee I chant.  
I blew a pile of dough  
On you two years ago,  
And now you refuse to go,  
Or won't or can't.

In town or countryside,  
You were my joy and pride,  
A happy day.  
I loved the gaudy hue,  
The white tires so new,  
But now you're down and through  
In every way.

To thee, old rattle box,  
Came many bumps and knocks;  
For thee I grieve.  
Badly the top is torn,  
Frayed are thy seats and worn;  
A whooping cough affects thy horn,  
I do believe.

Thy perfume swells the breeze  
While good folks choke and sneeze  
As we pass by.  
I paid for thee a price  
'Twould buy a mansion twice,  
Now all are peddling "ICE"  
I wonder why.

Thy motor has the grip,  
Thy spark plug has the pip,  
And woe is thine.  
I, too, have suffered chills,  
Ague and kindred ills  
Endeavoring to pay my bills  
Since you were mine.

Gone is my bank roll now  
No more 'twould choke a cow,  
As once before.  
Yet if I had the man,  
So help me, John—amen,  
I'd buy another car again  
And spend some more.

They're picking up the pieces,  
With a dustpan and a rake,  
Because he used his horn  
When he oughta used his brake.

A woman driver can often get  
around a traffic officer if she has the  
right kind of a smile, and quite a few  
have the right kind.

A flivver is a little automobile over-  
exerting itself trying to act big.

When you come to the end of a  
perfect day, you ride home in your  
car; if you are a bricklayer or pas-  
terer.

When automobile and train meet,  
there can be but one conclusion.

The new automobiles are coming  
in in a variety of colors, but the pe-  
destrians will still have to be content  
with black and blue.

"Trafalgar Concert" at North Saanich Was Very Much Enjoyed

(Continued from Page One)

dears," the sailors joining in the chorus, the Boson then sang "Pea-nuts" while the sailors fished for empty salmon tins. Next came the order "Pipe down for make and mend" as the Captain was expecting guests, who eventually arrived and were regaled with refreshments after having inspected the ship and listened to one or two more chants from the sailors. The Captain explained that it was a rule that when guests came on board the sailors always held a concert and asked the guests to join in. The concert on deck commenced with a song by Mr. Cowell, "The Death of Nelson," with "All the Nice Girls" as an encore. This was followed by a conversation between two other guests, Mr. Cracknut trying to tell the Captain a story while Mrs. Cracknut would insist upon asking silly questions. Mr. Toomer then sang "Out on the Deep" with "The Admiral's Broom" as an encore, which was followed by two comic recitations by Mr. Fralick. Mr. Reg. Beswick then charmed the audience with two very pretty saxophone solos in which he was accompanied by Miss Hambley. The Captain then asked Mr. Boyd McGill to give an exhibition of hand shadow acting. This was certainly a treat. Mr. McGill's shadowgraphs of birds, animals, notable people and love scenes, etc., causing not a little laughter amongst the audience. The Boson then was called upon to give his contribution to the program which was a song "Don't Let Them Scrap the British Navy," after which the sailors sang in chorus "Sailing." Mrs. Bert Readings acted

The birthday cake with its 21 pink candles occupied the place of honor. Mr. B. Copithorne proposed the toast to Miss Margaret, to which she suitably responded. The remainder of the evening was spent in dancing, which was continued until the "wee hours" and after many expressions of good wishes the gay party dispersed.
